

# Madison Sage

 stckrz |  Madison Sage |  stckrz.com/portfolio |  rin449@gmail.com |  +1 (406) 475-4836

## SUMMARY

---

Motivated and enthusiastic individual with a strong foundation in web development seeking a software engineering position to utilize and further develop my skills.

## PROJECTS

---

### Calledit!

[Link to Github](#)

Social media platform where users can make predictions, and other users can discuss the prediction, and vote as to whether the prediction will come true. Users gain points by guessing correctly. Uses MERN stack with TailwindCSS

### Storespace

[Link to Github](#)

Full-featured storefront application using the MERN stack. User authentication/verification. All of the items in the store are generated with AI, including names and prices.

### Portfolio

[Link to Project](#)

Portfolio showcasing some of my projects as well as my skills.

## EDUCATION

---

2017 - 2020 AAS (Computer Science) at **Helena College of Technology** (GPA: 3.7/4.0)

2021 - 2023 Bachelor's Degree at **University of Montana(not complete)** (GPA: 4.0/4.0)

## SKILLS

---

Javascript 3 yrs.

Typescript 3 yrs.

React 3 yrs.

MongoDB 1 yrs.

Express 2 yrs.

Tailwind 2 yrs.

Python 4 yrs.

Django 4 yrs.

Git 4 yrs.

I have been using typescript with React since I started learning React

Multiple large-scope projects, mostly functional components.

Multiple MERN stack applications.

This is my go-to for build API and servers while I learn rust.

Multiple projects in university.

Mostly work with github, but a little with others.
